DOCKETED BY

Section in Second Draft Report August 20, 2014	Proposed Change	Comment About Section or Explanation Supporting Proposed Change
Page 66 4b Page 21 3.3.1.1	Change the language to read: "The Load Serving Entities ("LSE") in Cochise County continue to monitor the reliability in Cochise County and will propose any modifications that they deem to be appropriate in future ten year plans." Omit the following sentence: "However, the CCSG Tombstone Junction Project continues to undergo review by SWTC, APS and SSVEC."	The proposed LSE language is consistent with language on page ix and page 73. In addition, as several projects are under review by the LSE's, both individually and collectively, no single project is being focused on and identifying one project would be inappropriate at this time.
Page 67, Table 16	In the "Current Status" column of the Delaney-Palo Verde 500kV project change the in-service date to 2016.
